

## Title Wave

In *Beckoned by the Sea: Women at Work on the Cascadia Coast*, Sylvia Taylor has compiled the voices of 24 women who live and work on the coast between southeast Alaska and Northern California. Taylor's profiles include, as [one reviewer writes](#), "the expected, and nonetheless gratifying, stories of big seas, greasy engine rooms, and slime skirmishes [along with] profiles of women working as sustainable seafood entrepreneurs, sailing instructors, marine biologists, elected officials, and community activists, among many others."
